Ikon sport, Optional Trend pack, recessed awning & step

②

At only 15'11" The Ikon sport is a compact conversion perfect to use every day. Four adults can travel comfortably and safely in steel framed seats with lap & diagonal safety belts. The spacious interior benefits from a level floor affording comfortable dining and the option of rear wheel drive or even All wheel drive for the extreme adventurer.

The initiative behind the Ikon sport was to create an affordable alternative to the successful high specification Cavarno. The Ikon achieves the lowest possible base vehicle price, yet still combines it's siblings practical floor plan and quality build integrity. A comprehensive list of options then allows you to specify only the elements you need. To further enhance the Ikon's affordability, the conversion is also available on a choice of quality pre-owned Transits. If you love life, live the dream with an Ikon Sport.
